PART I — SUBJECTS	3–16
PART II — CONTRIBUTORS	16–23
PART III — BOOK REVIEWS	23–24

Abbreviations: C, correspondence; suppl., supplement

PART I. SUBJECTS

- Active placebos**
In antidepressant trials. J. M. Cooney (C) 541–542
Meta-analysis of trials comparing antidepressants with active placebos. Joanna Moncrieff *et al* 227–231. Commentary. David Healy 232–234
- Adolescence**
Disability pensions in severely disturbed in-patients. M. Pelkonen *et al* 159–163
Doctors' dress. F. Finlay and R. Jones (C) 188
Liaison between adolescent and adult services in early-onset schizophrenia. K. Sayal (C) 452
PTSD following road traffic accidents. K. A. H. Mirza *et al* (Preliminary Report) 443–447
see also Psychosis, *Verging on reality: preventive strategies in early psychosis* (suppl. 33)
- Affective disorders**
Criminal offending and mental disorder. Cameron Wallace *et al* 477–484
Diagnostic criteria and functional psychosis. D. Kirby (C) 279. J. Van Os *et al* (Authors' reply) (C) 279
Lifetime risk of suicide for affective disorder, alcoholism and schizophrenia. Hazel M. Inskip *et al* 35–37
Recurrence
I. Case register study. Lars Vedel Kessing *et al* 23–28
II. Effect of age and gender. Lars Vedel Kessing 29–34
Sudden death in psychiatric patients. D. Ruschena *et al* 331–336
see also Bipolar disorder, Depression, Mania, Manic-depression, Seasonal affective disorder and Unipolar disorder
- African-Caribbeans**
Men remanded to Brixton Prison. K. Bhui *et al* 337–344
And White people. First episodes of psychosis. Noriyoshi Takei *et al* 147–153
- Aggression see Violence**
- Alcohol misuse**
13-year follow-up of deliberate self-harm. D. J. Hall *et al* 239–242
Criminal offending and mental disorder. Cameron Wallace *et al* 477–484
Disorders among the Yami aborigines in Taiwan. Shen-Ing Liu and Andrew T. A. Cheng 168–174
Effect of substance misuse in early psychosis. Jean Addington and Donald Addington (suppl. 33) 134–136
Lifetime risk of suicide for affective disorder, alcoholism and schizophrenia. Hazel M. Inskip *et al* 35–37
Liver transplantation for alcoholic liver disease. J. Chick (C) 366
Mental disorder and violence. P. J. Taylor *et al* 218–226
Multivariate genetic analysis of causes of temperance board registrations. K. S. Kendler *et al* 268–272
Psychiatric disorders and sick-leave due to other diagnoses. Gunnel Hensing and Fredrik Spak 250–256
Self-mutilation during delirium tremens. Henry Rollin (One hundred years ago) 189
Substance misuse and risk of aggression and offending among the severely mentally ill. H. Scott *et al* 345–350
Sudden death in psychiatric patients. D. Ruschena *et al* 331–336
- Alzheimer's disease**
Amnesic people who remembered the Kobe earthquake. M. Ikeda *et al* 425–428
Dementia in adults with Down's syndrome. A. J. Holland *et al* 493–498
- Structural neuroimaging in learning disability.** V. P. Prasher and E. Robertson (C) 187
- Amisulpride**
In schizophrenia. S. Reid and J. Turner (C) 450
- Amnesia**
Alzheimer's disease and memory of Kobe earthquake. M. Ikeda *et al* 425–428
Questionable validity of 'dissociative amnesia' in trauma victims. Harrison G. Pope, Jr *et al* (Review Article) 210–215. Commentary. Chris R. Brewin 216–217
- Analyses**
Interpersonal dependency in female twins. F. Anthony O'Neill and Kenneth S. Kendler 154–158
Lifetime risk of suicide for affective disorder, alcoholism and schizophrenia. Hazel M. Inskip *et al* 35–37
Of longitudinal data. Beyond MANOVA. B. S. Everitt (Review Article) 7–10
Meta-analysis of trials comparing antidepressants with active placebos. Joanna Moncrieff *et al* 227–231. Commentary. David Healy 232–234
Multivariate genetic analysis of causes of temperance board registrations. K. S. Kendler *et al* 268–272
- Animal models**
Lithium withdrawal mania supports antimanic action and suggests a model involving serotonin. P. E. Harrison-Read (C) 96–97
- Anorexia nervosa**
Neuroendocrine, appetitive and behavioural responses to d-fenfluramine in recovered women. Anne Ward *et al* 351–358
The overvalued idea. E. Jones and J. P. Watson (Authors' reply) (C) 189
Prolactin response to d-fenfluramine is blunted. P. Monteleone *et al* 438–442

Antidepressants

- Active placebos in trials.
J. M. Cooney (C) 541–542
- 5-HT neurotransmission in major depression. R. Ramasubbu (C) 541
- Meta-analysis of trials comparing them with active placebos. Joanna Moncrieff *et al* 227–231.
Commentary. David Healy 232–234
- see also* Selective serotonin reuptake inhibitors

Antipsychotics

- Fatal toxicity of drugs used in psychotic illnesses. Nicholas Buckley and Peter McManus (*Editorial*) 461–464
- First-episode schizophrenia. Early intervention and medication discontinuation. Richard Jed Wyatt *et al* (suppl. 33) 77–83
- Pharmacotherapy of first-episode schizophrenia. Gary Remington *et al* (suppl. 33) 66–70
- Reduced latent inhibition in schizophrenia: an effect of psychosis or of its treatment. J. H. Williams *et al* 243–249
- Which atypical antipsychotic? Christopher S. Thomas and Shôn Lewis (*Editorial*) 106–109
- see also* individual names

Anxiety disorders

- Increased prolactin responses to d-fenfluramine in OCD.
R. Ramasubbu (C) 186. P. J. Cowen (*Author's reply*) (C) 187
- see also* Panic disorder and Social phobia

Asperger syndrome

- High-functioning autism. Christopher Gillberg (*Review Article*) 200–209

Asylums

- County Armagh Asylum. Henry Rollin (*One hundred years ago*) 97
- Lunacy in Somersetshire. Henry Rollin (*One hundred years ago*) 367

Atropine

- Active placebos in antidepressant trials. J. M. Cooney (C) 541–542
- Meta-analysis of trials comparing antidepressants with active placebos. Joanna Moncrieff *et al* 227–231

Attachment theory

- Economics of attachment disorders. R. Haigh (C) 448–449
- Psychiatric staff as attachment figures. Gwen Adshead 64–69

Attention deficit hyperactivity disorder

- In adults. S. Cubbin and A. Leahy (C) 366

Audit

- ECT. The third cycle. Richard Duffett and Paul Lelliott 401–405

Autism

- Asperger syndrome and high-functioning autism. Christopher Gillberg (*Review Article*) 200–209
- Validity of childhood disintegrative psychosis. Svend Erik Mouridsen *et al* 263–267

Bayley Scales of Infant Development

- Fluoxetine in breast-milk and developmental outcome of infants. K. Yoshida *et al* 175–179

Beck Depression Inventory

- Cognitively-oriented psychotherapy for early psychosis (COPE).
H. Jackson *et al* (suppl. 33) 93–100
- Detecting postnatal depression in Chinese women. D. T. S. Lee *et al* 433–437
- Outcomes of Depression International Network. C. Dowrick *et al* (*Preliminary Report*) 359–363

Behaviour disorders

- Adults with William's syndrome. Mark Davies *et al* (*Preliminary report*) 273–276
- Behaviour phenotype for Down's syndrome. Richard A. Collacott *et al* 85–89
- Effects of postnatal depression on children's adjustment to school. Dana Sinclair and Lynne Murray 58–63
- Self-injury and violence in people with severe learning disabilities. Stephen Read (*Review Article*) 381–384

Behaviour therapy

- Home self-assessment of OCD. I. M. Marks *et al* 406–412
- Self-exposure treatment of recurrent nightmares. Mary Burgess *et al* 257–262

Bipolar disorder

- Post-partum psychoses. Clinical diagnoses and relative risk of admission. I. M. Terp and P. B. Mortensen 521–526
- Recurrence in affective disorder I. Case register study. Lars Vedel Kessing *et al* 23–28
- II. Effect of age and gender. Lars Vedel Kessing 29–34

Brain

- Abnormality in schizophrenia. Review of volumetric MRI studies. Stephen M. Lawrie and Suheib S. Abukmeil (*Review Article*) 110–120
- Grey matter reductions and treatment-resistant depression. Premal J. Shah *et al* 527–532
- 5-HT neurotransmission during paroxetine treatment. P. A. Sargent *et al* 49–52
- Midline anomalies and schizophrenia in people with CATCH 22 syndrome. R. Vataja and E. Elomaa 518–520

Prefrontal cortex activity in

- schizophrenia. Sean A. Spence *et al* 316–323
- Research and treatment strategies in first-episode psychoses. M. S. Keshavan *et al* (suppl. 33) 60–65
- Semantic priming effects in people with schizophrenia. Matthias Weisbrod *et al* 142–146
- Systematic does not necessarily mean comprehensive. C. E. Adams *et al* (C) 450–451

Breast-feeding

- Fluoxetine in breast-milk and developmental outcome of infants. K. Yoshida *et al* 175–179

Brief Psychiatric Rating Scale

- Cognitively-oriented psychotherapy for early psychosis (COPE).
H. Jackson *et al* (suppl. 33) 93–100
- Prolonged recovery in first-episode psychosis. Jane Edwards *et al* (suppl. 33) 107–116

Britain

- Mental health and ethnicity: an Irish dimension. Patrick J. Bracken *et al* (*Editorial*) 103–105
- see also* England and Wales and Scotland

British Journal of Psychiatry

- Duplicate publication.
J. G. Longhurst and E. L. Weiss (C) 277. M. T. Abou-Saleh and R. Ghubash (*Authors' reply*) (C) 277–278. Editorial comment.
Greg Wilkinson (*Editor*) 278
- Impact factors of psychiatric journals. Louise Howard and Greg Wilkinson (*Editor*) (*Editorial*) 457
- Original publications. Alan Kerr (*Deputy Editor*) (*Editorial*) 193

Brixton Prison

- African–Caribbean men remanded to the prison. K. Bhui *et al* 337–344

BT STEPS system

- Home self-assessment of OCD. I. M. Marks *et al* 406–412

Calgary Depression Scale for Schizophrenia

- Depression in first-episode schizophrenia. Donald Addington *et al* (suppl. 33) 90–92

Cambridge Examination for Mental Disorders of the Elderly (CAMDEX)

- Dementia in adults with Down's syndrome. A. J. Holland *et al* 493–498

Carbohydrate-deficient transferrin

- Liver transplantation for alcoholic liver disease. J. Chick (C) 366

Care

- First episode schizophrenia, pathways to care. Tor K. Larsen *et al* (suppl. 33) 45–52
- First episodes of psychosis in Afro-Caribbean and White people. Noriyoshi Takei *et al* 147–153
- Understanding early psychosis pathways. Clare Lincoln *et al* (suppl. 33) 21–25

Carers

- Family involvement in care of people with psychoses. J. G. Ingham (C) 279–280
- Well-being in the families of people with schizophrenia. J. B. Gardner (C) 540–541

Case management

- Intensive. For the severely mentally ill. Frank Holloway and Jerome Carson 19–22

CATCH 22 syndrome

- Midline brain anomalies and schizophrenia in people with the syndrome. R. Vataja and E. Elomaa 518–520

Catechol-O-methyltransferase (COMT) gene

- Chromosome 22q11 deletions and aggressive behaviour. H. M. Lachman and D. F. Papolos (C) 540

Childbirth *see* Puerperium**Childhood**

- Asperger syndrome and high-functioning autism. Christopher Gillberg (*Review Article*) 200–209
- Effects of postnatal depression on adjustment to school. Dana Sinclair and Lynne Murray 58–63
- Linguistic performance in children who develop schizophrenia in adult life. D. John Done *et al* 130–135
- PTSD following road traffic accidents. K. A. H. Mirza *et al* (*Preliminary Report*) 443–447
- Questionable validity of 'dissociative amnesia' in trauma victims. Harrison G. Pope, Jr *et al* (*Review Article*) 210–215. Commentary. Chris R. Brewin 216–217
- Sexual abuse. Recovered memories. S. Brandon *et al* (*Review Article*) 296–307
- Validity of disintegrative psychosis. Svend Erik Mouridsen *et al* 263–267

Chinese

- Detecting postnatal depression in women. Validation of the Chinese version of the EPDS. D. T. S. Lee *et al* 433–437

Chromosome 22q11 deletions

- Aggressive behaviour. H. M. Lachman and D. F. Papolos (C) 540
- Midline brain anomalies and schizophrenia in CATCH 22 syndrome. R. Vataja and E. Elomaa 518–520

- Under-recognised cause of idiopathic learning disability. K. C. Murphy *et al* 180–183

Chronic fatigue syndrome

- Fluoxetine and graded exercise. A. J. Wearden *et al* 485–490. Commentary. Alicia Deale *et al* 491–492

Clozapine

- Ethnicity and metabolism. S.-A. Chong and G. Remington (C) 97
- Haematological monitoring with therapy in India. P. Tharyan (C) 540
- Sulpiride augmentation in schizophrenia. M. Procopio (C) 449–450. R. Shiloh *et al* (*Authors' reply*) (C) 450
- Treatment of severe induced neutropenia with granulocyte colony-stimulating factor. B. Sperner-Unterweger *et al* 82–84

Cloze procedure

- Refined and modified. Measure of communication problems in psychosis. David Newby 136–141

Cocaine

- Electroretinogram in withdrawn cocaine-dependent subjects. D. A. Smelson *et al* (*Preliminary Report*) 537–539

Cognitive-behavioural therapy

- In early psychosis. Gillian Haddock *et al* (suppl. 33) 101–106

Cognitive impairment

- Cost and benefit in the choice of ECT schedule. B. Shapira *et al* 44–48
- Epidemiology of paranoid symptoms in an elderly population. Yvonne Forsell and A. Scott Henderson 429–432
- Grey matter reductions and treatment-resistant chronic unipolar depression. Premal J. Shah *et al* 527–532
- Subjective memory complaints, depression and dementia. R. Tobiansky (C) 96
- Variability in cognitive deterioration in schizophrenia. Keith R. Laws and Tejinder K. Kondel (C) 187–188
- see also* Dementia

Cognitively-oriented psychotherapy for early psychosis (COPE)

- H. Jackson *et al* (suppl. 33) 93–100

Common mental disorders

- Outcome in Harare, Zimbabwe. V. Patel *et al* 53–57
- Poverty, psychological disorder and disability in primary care attenders in Goa, India. V. Patel *et al* 533–536

Community care

- Cost-effective or profligate community psychiatry? Peter Tyrer (*Editorial*) 1–3. I. M. Marks (C) 449

- Intensive case management for the severely mentally ill. Frank Holloway and Jerome Carson 19–22
- Nithsdale Schizophrenia Surveys 17. C. Kelly *et al* 513–517
- see also* Home-based care

Compliance therapy

- Cost-effectiveness evaluation for people with psychosis. A. Healey *et al* 420–424
- Randomised controlled trial. R. Kemp *et al* 413–419

Composite International Diagnostic Interview

- Epidemiology of recurrent major and minor depression with a seasonal pattern. Dan G. Blazer *et al* 164–167

Contracting

- In mental health. C. J. Simpson (*Editorial*) 4–6

Coping strategies

- Stress and coping in early psychosis. Elspeth M. Macdonald *et al* (suppl. 33) 122–127

Corrigenda 189, 367, 543**Cortisol**

- Responses to d-fenfluramine in women recovered from anorexia nervosa. Anne Ward *et al* 351–358

Costs

- Cost-effectiveness evaluation of compliance therapy. A. Healey *et al* 420–424
- Cost-effective or profligate community psychiatry? Peter Tyrer (*Editorial*) 1–3. I. M. Marks (C) 449
- Economics of attachment disorders. R. Haigh (C) 448–449
- Home-based v. hospital-based care for serious mental illness. M. Knapp *et al* 506–512
- Research and development in the NHS. Alistair Burns and Shôn Lewis (*Editorial*) 194–196

County Armagh Asylum

- Henry Rollin (*One hundred years ago*) 97

Critical period hypothesis

- Early intervention in psychosis. Max Birchwood *et al* (suppl. 33) 53–59

Daily Living Programme

- Cost-effective community psychiatry. I. M. Marks (C) 449
- Home-based v. hospital-based care for serious mental illness. M. Knapp *et al* 506–512

Deliberate self-harm

- 13-year follow-up. D. J. Hall *et al* 239–242

- Fatal toxicity of drugs used in psychotic illnesses. Nicholas Buckley and Peter McManus (*Editorial*) 461–464
- Psychiatric staff as attachment figures. Understanding management problems in the light of attachment theory. Gwen Adshead 64–69
- Self-mutilation during delirium tremens. Henry Rollin (*One hundred years ago*) 189
see also Suicide
- Delirium tremens**
 Extraordinary self-mutilation. Henry Rollin (*One hundred years ago*) 189
- Delusions**
 Cognitive-behavioural interventions in early psychosis. Gillian Haddock *et al* (suppl. 33) 101–106
 Mental disorder and violence. P. J. Taylor *et al* 218–226
- Dementia**
 People can remember. Implications for care. D. D. R. Williams and Jane Garner (*Editorial*) 379–380
 Prevalence and presentation in adults with Down's syndrome. A. J. Holland *et al* 493–498
 Subjective memory complaints, depression and dementia. R. Tobiansky (C) 96
see also Alzheimer's disease
- Denmark**
 Epilepsy and non-organic non-affective psychosis. Søren Rask Bredkjær *et al* 235–238
- Depression**
Aetiology
 Grey matter reductions and treatment-resistant chronic unipolar depression. Premal J. Shah *et al* 527–532
 Sequelae of torture and organised violence suffered by refugees from Iraq. C. Gorst-Unsworth and E. Goldenberg 90–94
Complications
 Depression in first-episode schizophrenia. Donald Addington *et al* (suppl. 33) 90–92
 Fluoxetine and graded exercise for chronic fatigue syndrome. A. J. Wearden *et al* 485–490. Commentary. Alicia Deale *et al* 491–492
 Subjective memory complaints, depression and dementia. R. Tobiansky (C) 96
Course
 Grey matter reductions and treatment-resistant chronic unipolar depression. Premal J. Shah *et al* 527–532
- Epidemiology*
 Outcomes of Depression International Network. C. Dowrick *et al* (*Preliminary Report*) 359–363
 Recurrent major and minor depression with a seasonal pattern. Dan G. Blazer *et al* 164–167
Outcome
 Outcomes of Depression International Network. C. Dowrick *et al* (*Preliminary Report*) 359–363
Pathology
 Grey matter reductions and treatment-resistant depression. Premal J. Shah *et al* 527–532
Pathophysiology
 Brain 5-HT neurotransmission during paroxetine treatment. P. A. Sargent *et al* 49–52
 5-HT neurotransmission in major depression. R. Ramasubbu (C) 541
Therapy
 Brain 5-HT neurotransmission during paroxetine treatment. P. A. Sargent *et al* 49–52
 Cost and benefit in the choice of ECT schedule. B. Shapira *et al* 44–48
 5-HT neurotransmission in major depression. R. Ramasubbu (C) 541
 Outcomes of Depression International Network. C. Dowrick *et al* (*Preliminary Report*) 359–363
see also Antidepressants and Puerperium
- Detoxification**
 Rapid intravenous detoxification in heroin addiction. A. Byrne (C) 451
- Developing countries**
 Investing in mental health research and development. Ilona Blue and Trudy Harpham (*Editorial*) 294–295
 Outcome of common mental disorders in Harare, Zimbabwe. V. Patel *et al* 53–57
 Poverty, psychological disorder and disability in primary care attenders in Goa, India. V. Patel *et al* 533–536
- Diagnoses**
 Asperger syndrome and high-functioning autism. Christopher Gillberg (*Review Article*) 200–209
 Criteria and functional psychosis. D. Kirby (C) 279. J. Van Os *et al* (*Authors' reply*) (C) 279
 Critique of the DSM-IV operational diagnostic criteria for schizophrenia. Mario Maj (*Editorial*) 458–460
- First episodes of psychosis in Afro-Caribbean and White people. Noriyoshi Takei *et al* 147–153
- Post-partum psychoses. Clinical diagnoses and relative risk of admission. I. M. Terp and P. B. Mortensen 521–526
- Diana, Princess of Wales**
 Post-traumatic stress. D. A. Summerfield (C) 364
- Disability**
 Disability pensions in severely disturbed in-patient adolescents. M. Pelkonen *et al* 159–163
 Psychological disorder in primary care attenders in Goa, India. V. Patel *et al* 533–536
- Disability Assessment Schedule**
 Behaviour phenotype for Down's syndrome. Richard A. Collacott *et al* 85–89
- Disgust**
 Forgotten emotion of psychiatry. M. L. Phillips *et al* (*Editorial*) 373–375
- Disintegrative psychosis**
 Validity of childhood disintegrative psychosis. Svend Erik Mouridsen *et al* 263–267
- Dissociation**
 Questionable validity of 'dissociative amnesia' in trauma victims. Harrison G. Pope, Jr *et al* (*Review Article*) 210–215. Commentary. Chris R. Brewin 216–217
 Somatoform dissociation is unlikely to be a result of indoctrination by therapists. E. R. S. Nijenhuis *et al* (C) 452
- Doctors**
 Dress. F. Finlay and R. Jones (C) 188. R. Gosling and P. Standen (C) 188–189
- Down's syndrome**
 Behaviour phenotype. Richard A. Collacott *et al* 85–89
 Prevalence and presentation of dementia in adults. A. J. Holland *et al* 493–498
 Structural neuroimaging in learning disability. V. P. Prasher and E. Robertson (C) 187
- Dress styles**
 Doctors' dress. F. Finlay and R. Jones (C) 188. R. Gosling and P. Standen (C) 188–189
 Psychiatrists' attire revisited. M. Rajagopalan (C) 278–279
 Psychiatrists' dress and address. T. J. Ford (C) 95. M. White and G. Richards (C) 95
- Drink-driving**
 Multivariate genetic analysis of causes of temperance board registrations. K. S. Kendler *et al* 268–272

Drug misuse

- Criminal offending and mental disorder. Cameron Wallace *et al* 477–484
- Effect of substance misuse in early psychosis. Jean Addington and Donald Addington (suppl. 33) 134–136
- Electroretinogram in withdrawn cocaine-dependent subjects. D. A. Smelson *et al* (Preliminary Report) 537–539
- Mental disorder and violence. P. J. Taylor *et al* 218–226
- Rapid intravenous detoxification in heroin addiction. A. Byrne (C) 451
- Substance misuse and risk of aggression and offending among the severely mentally ill. H. Scott *et al* 345–350
- Sudden death in psychiatric patients. D. Ruschena *et al* 331–336
- see also* Alcohol misuse

Drugs

- Cost-effectiveness evaluation of compliance therapy. A. Healey *et al* 420–424
- Pharmacotherapy of first-episode schizophrenia. Gary Remington *et al* (suppl. 33) 66–70
- Psychopharmacology of severe self-injury associated with learning disabilities. David J. Clarke (Review Article) 389–394
- Randomised controlled trial of compliance therapy. R. Kemp *et al* 413–419
- see also* Active placebos, Amisulpride, Antidepressants, Antipsychotics, Atropine, Clozapine, Cocaine, d-Fenfluramine, Fluoxetine, Granulocyte colony-stimulating factor, Haloperidol, Heroin, Lithium, Moclobemide, Olanzapine, Paroxetine, Reserpine, Risperidone, Selective serotonin reuptake inhibitors and Sulpride

DSM-III-R

- Alcohol use disorders among the Yami aborigines in Taiwan. Shen-Ing Liu and Andrew T. A. Cheng 168–174
- Epidemiology of recurrent major and minor depression with a seasonal pattern. Dan G. Blazer *et al* 164–167
- Psychiatric disorders and sick-leave due to other diagnoses. Gunnell Hensing and Fredrik Spak 250–256
- Randomised controlled trial of compliance therapy. R. Kemp *et al* 413–419
- Responses to d-fenfluramine in women recovered from anorexia nervosa. Anne Ward *et al* 351–358

DSM-IV

- Alcohol use disorders among the Yami aborigines in Taiwan. Shen-Ing Liu and Andrew T. A. Cheng 168–174

- Critique of the operational diagnostic criteria for schizophrenia. Mario Maj (Editorial) 458–460
- Outcomes of Depression International Network. C. Dowrick *et al* (Preliminary Report) 359–363
- PTSD in children and adolescents following road traffic accidents. K. A. H. Mirza *et al* (Preliminary Report) 443–447

Duplicate publication

- J. G. Longhurst and E. L. Weiss (C) 277. M. T. Abou-Saleh and R. Ghubash (Authors' reply) (C) 277–278. Editorial comment. Greg Wilkinson (Editor) 278
- Original publications. Alan Kerr (Deputy Editor) (Editorial) 193

Early psychosis *see* Psychosis, *Verging on reality: preventive strategies in early psychosis* (suppl. 33)

Early Psychosis Prevention and Intervention Centre (EPPIC)

- Analysis of initial treatment phase in first-episode psychosis. Paddy Power *et al* (suppl. 33) 71–76
- Group programmes for recovery from early psychosis. Dianne J. Albiston *et al* (suppl. 33) 117–121
- Understanding early psychosis pathways. Clare Lincoln *et al* (suppl. 33) 21–25

people with severe mental illness.
J. K. Wing *et al* 121-129
Quality of life and mental illness. The
WHOQOL. John Orley *et al*
(*Editorial*) 291-293
Serious criminal offending. Cameron
Wallace *et al* 477-484
Substance misuse and risk of
aggression and offending among
the severely mentally ill. H. Scott
et al 345-350
Sudden death in psychiatric patients.
D. Ruschena *et al* 331-336
Violence. Special hospital study.
P. J. Taylor *et al* 218-226

Psychiatric journals

Duplicate publication.
J. G. Longhurst and E. L. Weiss (C)
277. M. T. Abou-Saleh and
R. Ghubash (*Authors' reply*) (C)
277-278. Editorial comment. Greg
Wilkinson (*Editor*) 278

Impact factors. *BJP* now has the
highest of all psychiatric journals
outside the USA. Louise Howard
and Greg Wilkinson (*Editor*)
(*Editorial*) 457

Original publications. Alan Kerr
(*Deputy Editor*) (*Editorial*) 193

Systematic does not necessarily mean
comprehensive. C. E. Adams *et al*
(C) 450-451

Psychiatrists

Attire revisited. M. Rajagopalan (C)
278-279
Dress and address. T. J. Ford (C) 95.
M. White and G. Richards (C) 95

Psychodynamics

Psychiatric staff as attachment
figures. Gwen Adshead 64-69

Psychosis

'Cloze' procedure refined and
modified. Measure of
communication problems.
David Newby 136-141
Cost-effectiveness evaluation of
compliance therapy. A. Healey *et al*
420-424
Diagnostic criteria and functional
psychosis. D. Kirby (C) 279.
J. Van Os *et al* (*Authors' reply*) (C)
279
Epilepsy and non-organic non-
affective psychosis. Søren Rask
Bredkjær *et al* 235-238
Family involvement in care.
J. G. Ingham (C) 279-280
Fatal toxicity of drugs used in
treatment. Nicholas Buckley and
Peter McManus (*Editorial*)
461-464
First episodes in Afro-Caribbean and
White people. Noriyoshi Takei *et al*
147-153
Mental disorder and violence.
P. J. Taylor *et al* 218-226
Olanzapine v. haloperidol in the
maintenance treatment of
schizophrenia and related
psychoses. P. V. Tran *et al* 499-505
And polydactyly. A. G. Cardno *et al*
(*Preliminary report*) 184-185
Post-partum. Clinical diagnoses and
relative risk of admission.
I. M. Terp and P. B. Mortensen
521-526
Precursors as pointers to the *Homo*
sapiens-specific mate recognition
system of language. T. J. Crow
(*Editorial*) 289-290
Randomised controlled trial of
compliance therapy. R. Kemp *et al*
413-419
Substance misuse and risk of
aggression and offending among
the severely mentally ill. H. Scott
et al 345-350
Validity of childhood disintegrative
psychosis. Svend Erik Mouridsen
et al 263-267

*Verging on reality: preventive
strategies in early psychosis.*

P. McGorry (ed.) (suppl. 33) 1-136
Analysis of initial treatment phase.
Paddy Power *et al* 71-76
Cognitively-oriented psycho-
therapy. H. Jackson *et al* 93-100
Course of early schizophrenia.
Donald Linszen *et al* 84-89
Critical period hypothesis.
Max Birchwood *et al* 53-59
Depression in first-episode
schizophrenia.
Donald Addington *et al* 90-92
Early detection of schizophrenia.
Thomas H. McGlashan 3-6
Early intervention and
medication discontinuation.
Richard Jed Wyatt *et al* 77-83
Effect of substance misuse. Jean
Addington and
Donald Addington 134-136
Emotional management therapy.
B. Hodel *et al* 128-133
First episode schizophrenia,
pathways to care.
Tor K. Larsen *et al* 45-52
Group programmes for recovery.
Dianne J. Albiston *et al* 117-121
Hillside study of risk and early
detection in schizophrenia.
Barbara Cornblatt *et al* 26-32
Home-oriented management
programme for early
psychosis. Paul Fitzgerald and
Jayashri Kulkarni 39-44
Individual cognitive-behavioural
interventions. Gillian
Haddock *et al* 101-106
Optimal treatment strategies.
